05 / PROFESSIONAL SUMMARY

Aspiring Front-End Developer with practical experience building responsive interfaces using HTML, CSS, Bootstrap and JavaScript. Independently built a personal portfolio with interactive mini apps and API-based tools. Background in graphic design and photo editing, with attention to visual detail and usability. Currently learning TypeScript and React.

06 / HARD SKILLS

HTML5 / CSS3 / Bootstrap 5

Responsive design · Bootstrap grid · UI components

JavaScript / TypeScript / React

JavaScript fundamentals · TypeScript basics · React (learning)

OOP / SOLID / Design Patterns

OOP fundamentals · Abstraction · Decomposition · SOLID and patterns (intro)

Web Concepts

DOM · Event handling · localStorage · Promises · Event Loop

APIs & Data

HTTP · REST APIs · JSON · Fetch · Axios fundamentals

Testing & Tools

Unit Testing basics · Git/GitHub · Vite · Netlify · Vercel · AI-assisted Development (ChatGPT, Codex)

07 / PORTFOLIO & PROJECTS

PERSONAL PORTFOLIO

HTML · CSS · Bootstrap · JavaScript Live ↗ · Code ↗

- Built a responsive Bootstrap-based portfolio from scratch, with theme switching, navigation and project gallery.
- Added six interactive JavaScript mini apps, including weather and currency tools; deployed via GitHub and Netlify.

ELATION - RPG CHARACTER CREATOR

HTML · CSS · Bootstrap · JavaScript · Vite Live ↗ · Code ↗

- Developed the original JavaScript character creator with reusable classes, DOM interactions and browser storage.

08 / PROFESSIONAL EXPERIENCE

Photo Retoucher | 2022-2023

Retouched photographs to editing guidelines using Photoshop and Lightroom.

Senior Laboratory Technician | 2021-2024

Prepared Microsoft Office documents; assisted educators with formatting and basic software setup.

Graphic Designer & Photo Retoucher | 2021

Designed print layouts, restored photographs and worked with customer requirements.

09 / SOFT SKILLS

Critical thinking · Learnability · Teamwork · Attention to details · Communication
